Welcome to EGEUS 2019

Pierre DEPREZ,
EGEUS Coordinator

Dear Friends and Colleagues!

The European Group for Endoscopic Ultrasonography (EGEUS) welcomes you to its 8th biannual Meeting in Moscow at the National Center of Surgery (VISHNEVSKY INSTITUTE OF SURGERY). We have prepared a program that covers the most important topics in EUS and that aims at providing cutting edge information about the appropriate utilization and ongoing research in EUS. There will be Live Demonstrations for 2 half-days showing basic and advanced interventional EUS procedures as well as a comprehensive

Claudio Giovanni DE ANGELIS,
EGEUS Secretary

series of interactive round tables and state-of-the art lectures by an international faculty. There will be a Learning Centre with videos and simulators for basic and advanced EUS procedures. Participants will have the opportunity to present their research and videos at the Congress.

We hope delegates, whether novices or experts, will find the Congress informative, providing the latest updates in EUS in a friendly, interactive setting and in the wonderful Moscow pre-Christmas atmosphere.

Welcome to EGEUS 2019

Yury STARKOV,
Congress President

Dear colleagues and friends!

Welcome to the most prominent and important event in the field of Endoscopic Ultrasound - European Congress EGEUS-2019!

This year it is holding within the bounds of the VI-th Moscow International Festival of Endoscopy and Surgery, which is a leading one-week conference on minimally invasive technologies, annually taking place in the heart of Moscow - historically famous Vishnevsky National Medical Research Center of Surgery.

Being a part of endoscopy, endoscopic ultrasound is currently the most important and developing method of both verifying diagnostics and intervention techniques in surgery, applicable for a wide range of different gastrointestinal and pulmonary diseases!

We consider it is important to develop EUS in Russia and worldwide, therefore, we are planning to hold the 1st National EUS congress next year. This time we hope you will have a productive and pleasant time in Moscow at EGEUS-2019 !

WELCOME TO MOSCOW AND VISHNEVSKY NATIONAL CENTER OF SURGERY!

Elena SOLODININA,
Program Director

Dear friends!

EUS today is an integral diagnostic tool in a surgical hospital and not only! It is also the possibility of obtaining material for morphological studies from previously inaccessible tissues and organs, a method of minimally invasive treatment of a number of diseases. And today, thanks to the best and renown experts, we will touch a wonderful world of endosonography, look behind the scenes of the "theater of shadows", we will evaluate the possibilities of this method and widely expand our knowledge!

I wish everyone good luck, new bits of knowledge and interesting discoveries!

Congress Program

9 December (Day 1)

09.30-10.00 WELCOME WORDS

Amiran REVISHVILI, Director of Vishnevsky National Medical Research Center of Surgery, Chief Surgeon and Chief Endoscopist of Russian Federation

Yury STARKOV, President of EGEUS-2019 and Moscow International Festival of Endoscopy and Surgery

Pierre DEPRez, EGEUS Coordinator

Claudio G. DE ANGELIS, EGEUS Secretary

Seda DZHANTUKHANOVA, Program Director of Moscow International Festival of Endoscopy and Surgery

10.00-10.15	Keynote lecture «Diagnostic EUS: Current status and Future developments»	Pierre DEPRez
10.15-10.30	Keynote lecture «Therapeutic EUS: Current status and Future perspectives»	Claudio G. DE ANGELIS
MORNING SESSION: EUS for epithelial and non-epithelial tumors Chairs: Pierre DEPRez, Claudio G. DE ANGELIS, Mitsuhiro KIDA, Elina GODGELLO, Laurent PALAZZO		
10.30-10.40	EUS in the treatment strategy of gastro-intestinal subepithelial lesions	Cem KALAYCI
10.40-10.50	Practical point of view in Diagnosis and T- and N-Staging in Esophageal carcinoma	Lieven VANDEPUTTE
10.50-11.40	Live Endoscopy OR1	Claudio G. DE ANGELIS Andrada SEICEAN Evgeny SOLONITSYN
	Live Endoscopy OR2	Mitsuhiro KIDA Elena SOLODININA
11.40-11.50	Lymphoma and epithelial gastric tumors	Olga MALIKHOVA
11.50-12.00	The smart approach to surgical treatment of gastrointestinal subepithelial tumors based on preoperative EUS-typing	Seda DZHANTUKHANOVA
12.00-13.00	Lunch-break	

AFTERNOON SESSION: EUS for HPB diseases		
Chairs: Yury STARKOV, Mitsuhiro KIDA, Nayar MANU, Maria Teresa Soria SAN TEODORO, Anthony TEOH		
13.00-13.10	ESGE guidelines for EUS-FNA	Pierre DEPREZ
13.10-13.20	Intraductal Ultrasound (IDUS)	Claudio DE ANGELIS
13.20-14.00	Live Endoscopy OR1	Tarantino ILARIA Elena BYSTROVSKAYA
	Live Endoscopy OR2	Czako LASZLO Elena SOLODININA
14.00-14.10	Solid pancreatic lesions: contrast-enhanced EUS	Andrada SEICEAN
14.10-14.20	Pancreatic NETs: role of EUS in the diagnosis and management (including RFA)	Rodica GINCUL
14.20-14.30	Cystic pancreatic lesions: contrast-enhanced EUS	Elena BYSTROVSKAYA
14.30-14.40	Through the needle explorations in pancreatic cysts: what evidence?	Bertrand NAPOLEON
14.40-14.50	The Role of EUS Endoscopy for Pancreatobiliary Diseases	Seungmin BANG
14.50-15.00	EUS for extrahepatic biliary ducts strictures	Evgeny SOLONICYN
15.00-15.30	Coffee-break	
EVENING SESSION: Endosonography above the diaphragm: EBUS+EUS		
Chairs: Yury STARKOV, Vladimir KOROLEV, Igor VASILYEV, Rocco TRISOLINI		
15.30-16.10	Live Endoscopy OR1	Rocco TRISOLINI Elena SOLODININA
	Live Endoscopy OR2	Ilya SIVOKOZOV Igor VASILYEV Laurent PALAZZO
16.10-16.20	EBUS in benign mediastinal lesions – to weak or too strong?	Igor VASILYEV
16.20-16.30	EBUS in lung cancer staging: current status and future perspectives	Rocco TRISOLINI
16.30-16.40	Radial EBUS for pulmonary parenchyma – practical approach	Vladimir KOROLEV
16.40-16.50	Future of endobronchial ultrasound: moving on from diagnostics to treatment	Ilya SIVOKOZOV
16.50-17.00	EBUS vs EUS in difficult mediastinal lesions	Rocco TRISOLINI
17.00-17.30	EGEUS General Assembly Pierre DEPREZ, Claudio DE ANGELIS	

19.00 EGEUS Social Event

Congress Program

10 December (Day 2)

09.00-9.15 WELCOME WORDS

Mitsuhiro KIDA, Professor of Gastroenterology, Executive Consultant of Endoscopy Center of Kitasato University, President of Asian-EUS Congress, Tokyo, Japan

Mario Dinis RIBEIRO, President of ESGE (European Society of Gastrointestinal Endoscopy), Porto, Portugal
 "ABOUT EGEUS AND ESGE RELATIONSHIP"

MORNING SESSION: EURCP

Chairs: Mario Dinis RIBEIRO, Claudio G. DE ANGELIS, Pierre DEPREZ, Yury STARKOV, Seda DZHANTUKHANOVA, Cem KALAYCI, Laszlo CZAKO, Seungmin BANG

09.15-09.35	The EUS/ERCP = EURCP concept: present and future	Claudio G. DE ANGELIS
09.35-09.45	Training in EUS-ERCP	Laszlo CZAKO
09.45-11.25	Live Endoscopy OR1	Anthony TEOH Elena SOLODININA
	Live Endoscopy OR2	Claudio G. DE ANGELIS Tarantino ILARIA Elena BYSTROVSKAYA
11.25-11.35	Difficult ERCP	Ivan NEDOLUZHKO
11.35-11.45	EUS-guided Approach to biliary ducts: what can we do today?	Konstantin RYABOV
11.45-11.55	EUS guided approach to the pancreatic duct	Pierre DEPREZ
11.55-13.00	Live Endoscopy OR1	Mitsuhiro KIDA Elena SOLODININA
	Live Endoscopy OR2	Bertrand NAPOLEON Rodion ZAMOLODCHIKOV
	Live Endoscopy OR1	Laurent PALAZZO Elena SOLODININA
13.00-14.00	Lunch-break	

AFTERNOON SESSION: EUS-guided interventions		
Chairs: Anthony TEOH, Mitsuhiro KIDA, Claudio DE ANGELIS, Tarantino ILARIA, Elena BYSTROVSKAYA		
14.00-14.15	How to treat biliary disorder in patients with surgically altered anatomy? Enteroscopy or EUS-HGS?	Mitsuhiro KIDA
14.15-14.30	"EUS-guided gastro-enteroanastomosis"	Tarantino ILARIA
14.30-16.00	Live Endoscopy OR1	Rodica GINCUL Elena SOLODININA
	Live Endoscopy OR2	Seungmin BANG Rodion ZAMOLODCHIKOV
	Live Endoscopy OR1	Andrada SEICEAN Elena SOLODININA
16.00-16.20	Coffee-break	
16.20-16.30	EUS management of pancreatic pseudocysts	Maria Teresa Soria SAN TEODORO
16.30-16.40	Endoscopic management of WON	Manu NAYAR
16.40-16.50	"LAMS vs double pigtail plastic stents for endoscopic drainage of peripancreatic fluid collections: results from multicenter European study"	Mario TADIC
16.50-17.00	"Future Directions of Endoscopic Ultrasound where are we heading?"	Anthony TEOH
17.00-17.30	DISCUSSION. Closing Ceremony and presentation of the next 9th EGEUS congress in 2021 Yury STARKOV, Claudio G. DE ANGELIS, Pierre DEPREZ, Anthony TEOH, Elena SOLODININA

Top-5 visiting places in Moscow

Red Square with the Kremlin being the heart of Moscow are the most famous places in Russia. On Red Square one can see: St. Basil's Cathedral, Kazan Cathedral, Kremlin Walls, Lenin Mausoleum, Statue of Minin and Pozharsky, Resurrection Gate and the Iberian Chapel, GUM.

The State Tretyakov Gallery

possesses a unique collection of Russian art which includes masterpieces

which span a period of a thousand years. Nowadays the gallery contains more than 170,000 works by Russian artists from early religious paintings to modern art. For more information visit the website

www.tretykovgallery.ru.

The Bolshoi Theatre is a symbol of Russia for all time. It was awarded this honor due to the major contribution to the history of the Russian performing arts. This history is on-going and today Bolshoi Theatre artists continue to contribute to it many bright pages. More information: www.bolshoi.ru

Zaryadye Park

is a new type of public space created by an international team of architects, engineers, landscape designers and other experts. Here the concepts of nature and

technology, education and entertainment, history and modernity are united and complement each other. Zaryadye is an oasis of peace and quiet, a place of retreat from the rhythm of the city. All the attractions and new technology are delicately integrated into the landscape. The park is covered by forest, steppe and water meadows, which recreate various natural environments of the country, from the Far North to the grasslands of central Asia. More information: www.zaryadyepark.ru.

A new Alexander Rappoport's restaurant «Voskhod» has been opened in Zaryadye park. Outside the hours and the fashion, a contemporary «Voskhod» restaurant enters an orbit of the collective unconscious — to a familiar, close and native culinary space where all dishes of the USSR folks are equally valuable, loved, habitual and understandable. From the gastronomic point of view, the territory of the former Soviet Union exists outside the modern geopolitical realias and independently of current maps. For more information visit the website www.voshodrest.ru.

Gastronomic center “Zaryadye” is a modern food market where, in eight different restaurants, dishes are prepared according to the recipes of the cuisine of the Russian regions. Gastronomic Center serves meat

delicacies: brisket, balyk, basturma and boiled pork. Those who like wildfowl will appreciate goose, duck, quail on a spit, and world-famous soups. Gastronomic center sells unique delicacies from different parts of Russia. All this can be purchased as a gastronomic souvenir.

Moscow City

Moscow international business center also known as Moscow City is the main commercial district of the Russian capital located on Presnenskaya embankment just minutes away from the White House government building. Moscow international business center has several viewing platforms that offer beautiful views of Moscow and its environs.

Each platform offers different views of the capital. The most famous restaurants in Moscow international business center the restaurant Ruski on 85 floor tower of the Oko, Sixty on 62 floor tower of the Federation, Aviator on the 52 floor of the same Tower of the Federation. For more information visit the website

www.citymoscow.ru.
